

Part time courses at Franklin College

Flexible solutions to suit all needs.

10 students, 2 dogs and a phenomenal teacher participated in Franklin's truly unique Level 1 Mental Health Awareness course in May and June 2014. The class took place in the Old Kent Arms pub in Grimsby, which is now functioning as a MIND Centre.

The successful co-operation between Franklin College and Navigo Community Interest Company started last year. After the popularity of the first pilot course, we decided to organize this bespoke part time course again. Students came from all different backgrounds, a few of them suffer from some kind of mental

health illness themselves, while others are volunteers in the mental health sector who came to enhance their knowledge about this particular field so they can provide better help and support for their clients. Even though they all came for different reasons, the participants still agreed in one thing; that they absolutely loved the course and wanted to continue their studies onto the next level. The Level 2 Mental Health Awareness course is scheduled to start in September again at the MIND Centre, although it is possible to take the course as a distance learning student as well. The Adult Learning Team at Franklin College realizes that it is not always easy for people to attend classes at our main site on Chelmsford Avenue, therefore we offer flexible

solutions to suit all needs. Other courses that we can deliver on site for any businesses include, but are not limited to, GCSE English and Maths, Level 1, 2 and 3 ICT, Functional Skills and foreign language courses. We also offer a range of distance and flexible learning programmes such as Dementia Care L2, Health and Nutrition L2 and Safe Handling of Medicines L2.

If you are interested in studying with Franklin College as a part time student, please contact our Adult Learning Team on **01472 875 011** or send an email to alt@franklin.ac.uk. For further information visit our website at www.franklin.ac.uk.
