

THE BURSARY / FREE SCHOOL MEALS AGREEMENT 2015/16

STUDENT NAME..... STUDENT NUMBER.....

I understand that my Bursary allocation will be subject to a termly attendance review and payments could be reduced accordingly.

I understand that the College will notify me (the student) by email/letter of any changes to my Bursary payments / Free School Meals and that it is my responsibility to check my College email account.

If my financial circumstances change significantly during my time as a student at College, it is my responsibility to let the College know.

I have read and understood the College Absence Procedures and know what to do to report/authorise an absence.

I have read and understood the Bursary and Free School Meals Policy.

I can confirm that I was in receipt of the Bursary last year, and that my financial circumstances have not changed (please tick if applicable)

✓

I understand that Bursary eligibility (where we are not in receipt of Working Tax Credits) also entitles me to Free School Meals. However, it is my responsibility to inform the College if there are changes in my circumstances.

I understand that funding covers this College year only and that there is no guarantee that I will receive funding in future years, even if I am eligible.

With effect from September 2015, students who have been in receipt of the Franklin College Bursary for the previous academic year (and who meet the revised criteria for the current academic year) will not need to provide supporting evidence when they re-apply, but they will be required to sign this Bursary / Free School Meals Agreement as a disclaimer stating that their family financial circumstances have not changed since submitting their original application.
