

A level Chemistry **Essential Bridging Work**

If you intend to enrol on this course you must complete the following bridging work.

It should take you about 4 hours

You will need this work for your first lesson. Make sure you bring it with you.

Topic	Structure of Atoms and Ions
Task	<p>Visit the following webpage and download the document entitled 'A level Chemistry Bridging Work'</p> <p>You will need to click on 'view original' in the top right corner of the pop-up to download the document.</p> <p>https://padlet.com/nima_dirjal/ytht932hkdbn</p> <p>Password: franklinchem</p>
Resources	<p>Books:</p> <p>Your GCSE Chemistry revision guide is a great place to start</p> <p>Suggested bridging book: "Head Start to AS Chemistry", published by CGP (ISBN: 978 1 78294 280 1) is a very useful guide to help you bridge the gap between GCSE and A-level. However, this book is merely a suggestion and you are not expected to purchase it.</p> <p>Online Research:</p> <p>You can use any source of information you like but here is a link to get you started.</p> <p>http://www.bbc.co.uk/schools/gcsebitesize/science/add_aqa/atomic_structure/atomic_structurerev1.shtml (there are 4 pages to work through)</p>
Presentation	<ul style="list-style-type: none"> • Complete the tasks within the bridging work booklet. You have two choices, either print the task and complete the booklet OR just provide answers on a lined paper but make sure to label questions clearly. • The graph should be plotted by hand with a pencil. • Answers to the questions should be handwritten. <p>Please bring it to your first lesson to be handed in.</p>
