LIFE @FRANKLIN

Exemplary attendance is vital to achieving your full academic potential. It's clear that students' wellbeing and future life chances are enhanced through full attendance in their whole Study Programme - this includes studying at Franklin and all the other fantastic opportunities we offer as part of your College life. We therefore expect your full commitment to your Study Programme.

We support all young people with the attitude of hard work, motivation, commitment, and respect. On this basis, holidays in term time are not authorised and will result in intervention, which can include removal from the College. Please make yourself familiar with the College calendar on our website when planning holidays.

If you want to remind yourself of the entry criteria for any courses you've applied for, you can find those by visiting www.franklin.ac.uk

If you need any support when you pick up your GCSE results, we are here to guide and advise you to look at other options if needed. We understand this is a time of change, but it's really exciting, and we are here to help you every step of the way.
